Citizens Against Homicide

Citizens Against Homicide is a non-profit public benefit organization started by local victims, and other interested parties, to serve the families of homicide victims.

Because the law enforcement community has become increasingly aware of the rights of victims within the criminal justice system, it is critical for victims, law enforcement, and the public to work together.

All proceeds from this golf tournament will be used to sustain activities which help victims cope with the criminal justice system and raise public awareness of victims rights.

Such activities include attending trial and courtroom hearings, monitoring paroles, supporting law enforcement, serving on judicial and legislative watchdog committees, educating the populace concerning the rights of families of homicide victims, and helping families obtain information leading to the resolution of unsolved murders.
